ABOUT ME

Hello! I love the work I do - and I'd love to do that work with you!

I thrive in collaborative work environments where creativity is encouraged and teamwork is essential.

I enjoy learning things, and often spend time at home teaching myself new skills. I am at my best when I'm challenged to do more and try new things.

EDUCATION

B.A. Telecommunications

- Video Production Concentration
- GPA: 3.52
- Dean's List (2017–2020)

Ball State University
Muncie, Indiana (Spring 2020)

EXPERIENCE

EPIC GAMES | Cinematic Environment Artist (2022 – 2023)

- Created high quality models and materials for use in Rocket League Cinematics
- Developed a UE3 to UE5 pipeline, streamlining our cinematic process.
- Troubleshoot material, lighting, and VFX issues.
- Constructed environments for cinematic trailers, including placing meshes, creating materials, and lighting environments.

ACTIVISION | Video Artist (2020– 2022)

- Animated CODM character cinematics using C4D.
- Blocked out and developed Environments to showcase new characters, skins, and weapons.
- Kept detailed documentation on loadouts, weapon mods, and character variations.
- Directed and edited game capture footage for key social media and UA content.

NETFLIX | Motion Graphic Artist (2020)

- Developed MOGRT templates for social media.
- Used Java Script to write parameters for editor customization.

DIGITAL CORPS | Video Team Master (2017 – 2020)

- Lead teams in post production and design.
- Managed workshops and mentored new hires.
- Developed workflows to maximize efficiency in motion graphics and video editing.

THE LOADING ZONE | Animator / Storyboard Artist (2018 – 2020)

- Animated Telly Award winning episode *Video Chat*.
- Implemented new characters, ideas, and locations.
- Improved After Effects file management across the project.
